- (d) furnish to the Corporation, upon the reasonable request and at the expense of the Corporation, such statements, lists, entries, information and material, concerning transfers and other matters, as are maintained or prepared by it pursuant hereto.

2.2 The Corporation agrees that so long as this Agreement is in force, it shall not issue any certificates for Shares without such certificates being countersigned by Valiant in its capacity as Transfer Agent.

2.3 The Corporation represents and warrants that all Shares issued and outstanding on the date of this Agreement are issued and outstanding as fully-paid and non-assessable and that with respect to future allotments and issuances of Shares, Valiant shall be entitled to regard such Shares as fully-paid and non-assessable.

2.4 The Corporation acknowledges that, in the case of the loss, theft or destruction of any certificate for Shares, before a replacement certificate will be issued, Valiant must receive:

- (a) evidence satisfactory to Valiant of the loss, theft or destruction of such certificate; and
- (b) an open penalty bond indemnifying each of the Corporation and Valiant from any claims, suits, losses, damages, costs, and fees connected with the issue of such new certificate for Shares, or by reason of the original certificate for Shares remaining outstanding. Such open penalty bond shall be issued by an insurance company licensed to do business in all provinces of Canada and shall be in a form acceptable to Valiant.

3. Dividend Disbursing Agent

3.1 The Corporation hereby appoints Valiant as agent to distribute to holders of Shares dividends as may from time to time be declared by the board of directors of the Corporation and Valiant hereby accepts such appointment upon the terms herein contained.

3.2 Valiant shall disburse dividends in accordance herewith upon receiving written direction from the Corporation and a certified copy of a resolution of the board of directors of the Corporation declaring such dividends.

3.3 At least one business day before the date on which such dividends are payable, the Corporation shall deliver to Valiant by electronic transfer or certified cheque funds sufficient to pay such dividends, or make such other arrangements for the provision of funds as may be agreeable between the parties. Notwithstanding the foregoing, all payments in excess of \$25 million in Canadian dollars (or such other amount as determined from time to time by the Canadian Payments Association) must be made by electronic transfer.

4. Other Services

4.1 Valiant shall perform such other services normally incident with the role of transfer agent and registrar or distribution agent, but not expressly set forth herein or in the attached Schedule of fees, as the Corporation may request in writing from time to time for such fees as may be agreed to from time to time between the parties, in accordance with the terms hereof.

5. Co-Agents

5.1 The Corporation acknowledges and agrees that Valiant may, notwithstanding any other provision of this Agreement, appoint one or more agents ("Co-agents") to maintain branch registers or records of transfers or perform certain functions in respect of cities in which Valiant does not have an office. Valiant shall notify the Corporation of any such Co-agent so appointed. The parties acknowledge that as of the date of this Agreement, Valiant's Co-agent in the US is Registrar and Transfer Company.

6. Signatories

6.1 The Corporation shall deliver to Valiant certified specimens of the signatures of the individuals authorized to sign Common Share certificates, written instructions, officer's certificates, and other documents on behalf of the Corporation.

6.2 The Corporation shall deliver evidence of the appointment of its signatories as such evidence may be requested from time to time by Valiant.

6.3 Valiant may act upon any signature or certificate or other document believed by it to be genuine and to have been signed by the proper person or persons. Valiant may refuse to process any requested transfer or perform any other act requested of it if it is not satisfied as to the propriety of the request or the sufficiency of the evidence provided in support of such request.

7. Legal Advice and Appointment of Service Providers

7.1 Valiant is hereby authorized, at its discretion and at the expense of the Corporation:

- (a) to refer all documents or requests relating to any transfers or any other matters contemplated by this Agreement or requested to be performed pursuant to this Agreement to the Corporation's or Valiant's legal counsel for advice, and Valiant shall be entitled but not required to rely on such advice; and
- (b) to employ such counsel, consultants, experts, advisers, agents or agencies as it may reasonably require for the purpose of discharging its duties hereunder and shall not be responsible for the actions or conduct of such parties where reasonable care was taken in selecting such parties.

8. Limitation of Liability and Indemnification

8.1 Valiant shall not be liable for any action taken or omitted to be taken by Valiant under or in connection with this Agreement, except for losses caused principally and directly by Valiant's gross negligence, bad faith or willful misconduct.

8.2 Notwithstanding any other provision of this Agreement, Valiant's liability shall be limited in the aggregate to the greater of (a) the amount deposited with it for the purpose of a distribution in respect of all or part of which the claim of liability has been made and (b) the amount of fees paid by the Corporation to Valiant in the 36 months immediately preceding the first receipt by Valiant of notice of the claim.

8.3 The Corporation hereby agrees to indemnify and hold harmless Valiant and each of its directors, officers, employees, shareholders and agents (each, an "**Indemnified Party**"), from and against any and all claims, demands, assessments, proceedings, suits, actions, losses, penalties, judgments, damages, costs, expenses, fees and liabilities whatsoever, including, without limitation, legal fees and expenses on a solicitor and client basis, that any Indemnified Party may suffer or incur, or that may be asserted against any of them, in consequence of, arising from or in any way relating to this Agreement (as the same may be amended, modified or supplemented from time to time), except where same results principally and directly from the gross negligence, willful misconduct or bad faith on the part of the Indemnified Party.

8.4 The Corporation agrees that its liability hereunder shall be absolute and unconditional, regardless of the correctness of any representations of any third parties and regardless of any liability of third parties to any of the Indemnified Parties, and shall accrue and become enforceable without prior demand or any other precedent action or proceeding.

8.5 Notwithstanding and without limitation of any other provision of this Agreement, and notwithstanding whether such losses or damages are foreseeable or unforeseeable, Valiant shall not be liable under any circumstances whatsoever for any breach by any other party of securities law or other rule of any securities regulatory authority, for lost profits or for special, indirect, incidental, consequential, exemplary, aggravated or punitive losses or damages.

8.6 For so long as the Corporation is a client of Valiant, the Corporation undertakes to advise Valiant in writing as soon as reasonably practicable in the event that the Shares become registered with the U.S. Securities and Exchange Commission.

8.7 The provisions of this Section 8 shall survive the resignation or removal of Valiant and the termination of this Agreement.

9. Protection of Valiant

9.1 Valiant shall:

- (a) retain the right not to act and shall not be liable for refusing to act unless it has received clear instructions and/or documentation (which documentation

must not require the exercise of any discretion or independent judgment) and sufficient time to give effect to such instructions and/or documentation;

- (b) retain the right to refuse the transfer of any Shares in respect of a Common Share certificate presented to Valiant until such time as Valiant is satisfied, acting reasonably, that such Common Share certificate is valid, that the endorsement thereon is genuine and that the transfer requested is properly and legally authorized. Valiant shall not incur any liability in refusing in good faith to effect any transfer which in its judgment is improper or unauthorized, or in carrying out in good faith any transfer which in its judgment is proper or authorized. Valiant shall be entitled to treat as valid any certificate for Shares purporting to have been issued by or on behalf of the Corporation prior to the date of this Agreement;
- (c) be required to disburse funds only to the extent that funds have been deposited with it;
- (d) if any funds are received by it in the form of uncertified cheques, be entitled to delay the time for release of such funds until such uncertified cheques shall be determined to have cleared the financial institution upon which the same are drawn;
- (e) incur no liability with respect to the delivery or non-delivery of any Common Share certificate whether delivered by hand, mail or other means;
- (f) with respect to any amount held on account of dividends or other distributable amount which is unclaimed or which cannot be paid for any reason, be under no obligation to invest or reinvest the same but shall, subject to any applicable unclaimed property legislation, only be obligated to hold same in a current or other non-interest bearing account pending payment to the person or persons entitled thereto, and shall be entitled to retain for its own account any benefit earned by the holding of same prior to its disposition in accordance with this Agreement; and
- (g) be under no obligation to prosecute or defend any action or suit in respect of its agency relationship under this Agreement, but will do so at the request of the Corporation provided that the Corporation furnishes indemnity and funding satisfactory to Valiant, acting reasonably, against any liability, cost or expense which might be incurred.

10. Documents

10.1 The Corporation agrees that it will promptly furnish to Valiant from time to time:

- (a) certified copies of all articles, any amendments thereto and all relevant By-laws;

- (b) certified copies of all resolutions or other authorizing documents allotting or providing for the issuance of Shares;
- (c) certified copies of all relevant documents and proceedings relating to increases and reductions in the Corporation's capital, the reorganization of or change in its share capital or the bankruptcy or the insolvency or winding-up of the Corporation; and
- (d) that number of unissued Common Share certificates as is necessary for Valiant to perform its obligations hereunder from time to time.

11. Custody

11.1 All Common Share certificates surrendered to Valiant for cancellation shall be held by it for a period of six (6) years. Valiant shall not be required to hold such certificates after the expiry of such period, and may thereafter destroy such certificates without notice to the Corporation. The Corporation agrees to instruct Valiant from time to time as to the earlier disposal, if any, to be made of such Common Share certificates. Any storage expenses incurred for retaining custody of the Common Share certificates and related records in connection with the services hereunder shall be at the sole expense of the Corporation.

12. Assignment

12.1 Any entity resulting from the merger, amalgamation or continuation of Valiant or succeeding to all or substantially all of its transfer agency business (by sale of such business or otherwise), shall thereupon automatically become the Registrar, Transfer Agent and Dividend Disbursing Agent hereunder without further act or formality. This Agreement shall enure to the benefit of and be binding upon the parties hereto and their successors and assigns.

13. Notices

13.1 Any notice or communication to be given by one party to this Agreement to the other shall be in writing and delivered or sent, by courier, by personal delivery, by first class insured mail, or by facsimile transmission to the following address:

14. Fees and Expenses

14.1 The Corporation shall pay Valiant for the above-mentioned services and for all additional services required to fulfill its obligations hereunder or provided in connection herewith in accordance with the existing tariff or schedule of fees, attached hereto, which fees are subject to revision by Valiant from time to time on thirty (30) days' written notice, and shall reimburse Valiant for all costs and expenses incurred in connection herewith. Without limiting the generality of the foregoing and notwithstanding any other provision of this Agreement or of any tariff or schedule of fees, the Corporation agrees to pay Valiant such additional compensation, costs and expenses as are agreed between the parties to be warranted by any additional time, effort and/or responsibility incurred or expended by Valiant in order to comply with any laws it may be subject to as Registrar and Transfer Agent or as dividend distribution disbursing agent, including, without limitation, unclaimed property legislation.

14.2 The Corporation shall pay Valiant the fees and expenses within thirty (30) days of the date of Valiant's invoice. The Corporation acknowledges that late payment may be subject to interest charges as indicated on the invoice. All amounts so payable and the interest thereon will be payable out of any assets in the possession of Valiant in priority to amounts owing to any other persons.

14.3 The Corporation agrees that the fees of Valiant are confidential information. As such, the Corporation agrees not to disclose such fees to a third party without Valiant's prior written consent, save and except for disclosure (a) to the Corporation's professional advisors, and (b) as required by law.

14.4 In the event the Corporation defaults in its payment obligations to Valiant hereunder, Valiant shall have the right, commencing thirty (30) days following written notification to the Corporation of such default and unless such default has been remedied, to immediately suspend service or terminate this Agreement, subject to Valiant's rights and recourses under this Agreement or applicable law.

15. Further Assurances and Co-operation

15.1 The parties hereto shall with reasonable diligence do all such things and provide all such reasonable assurances and execute all such documents, agreements and other instruments as may reasonably be necessary or desirable for the purpose of carrying out the provisions and intent of this Agreement. The parties further acknowledge that the implementation of this Agreement will require the co-operation and assistance of each of them. In particular, the parties agree to work in co-operation with any Co-agent that Valiant

may duly appoint. The fees and expenses to Valiant of any such Co-agent shall be added to and form part of its compensation hereunder, and shall be reimbursed by the Corporation as set forth above, provided that the parties may, with such Co-agent, agree that the Co-agent shall invoice the Corporation directly.

16. Tax

16.1 The Corporation shall be solely responsible for all tax processing relating to or arising from the duties or actions contemplated by this Agreement, including evaluation, reporting, remittance, filing, and issuance of tax slips, summaries and reports, except as is specifically delegated to Valiant pursuant to this Agreement or as may otherwise be agreed in writing by the parties. Valiant shall be entitled to rely upon and assume, without further inquiry or verification, the accuracy and completeness of any tax processing information, documentation or instructions received by Valiant, directly or indirectly, from or on behalf of the Corporation or the shareholder.

17. Counterparts

17.1 This Agreement may be executed in several counterparts and evidenced by a facsimile copy of an original execution page bearing the signature of each party, each of which when so executed shall be deemed to be an original, and such counterparts or facsimile copies thereof together shall comprise one and the same instrument and, notwithstanding their date of execution, shall be deemed to bear the date as of the date first above written.

18. Force Majeure

18.1 Neither party shall be liable to the other, or held in breach of this Agreement, if prevented, hindered, or delayed in the performance or observance of any provision contained herein by reason of act of God, riots, terrorism, acts of war, epidemics, governmental action or judicial order, earthquakes, or any other similar causes (including, but not limited to, mechanical, electronic or communication interruptions, disruptions or failures). Performance times under this Agreement shall be extended for a period of time equivalent to the time lost because of any delay that is excusable under this Section.

19. Entire Agreement

19.1 This Agreement and all schedules contemplated by or delivered under or in connection with this Agreement constitute the entire agreement between the parties with respect to the subject matter and supersedes all prior agreements, negotiations, discussions, undertakings, representations, warranties and understandings, whether written or oral. No amendment, supplement, modification, waiver or termination of this Agreement shall be binding unless executed in writing by the party to be bound thereby.

20. Headings

20.1 The insertion of headings and the division of this Agreement into Sections, Subsections and Schedules are not to be considered part of this Agreement and are included solely for convenience of reference and are not intended to be full or accurate descriptions of the contents hereof.

21. Severability

21.1 If any provision of this Agreement shall be held invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall attach only to such provision in such jurisdiction, and shall not in any manner affect such provision or render it invalid or unenforceable in any other jurisdiction or affect any other provision of this Agreement in such jurisdiction or any other jurisdiction.

22. Termination

22.1 This Agreement may be terminated by either the Corporation or Valiant upon thirty (30) days' notice, in writing, being given to the other.

22.2 Upon the termination of this Agreement and provided that the Corporation is in compliance with all of the terms of this Agreement, including the payment of all amounts owing to Valiant hereunder, Valiant shall deliver over to the Corporation (or to such third party as the Corporation otherwise requests) the Registers, share certificates and any other documents connected with the business of the Corporation. A receipt signed by the Chairman, the President, any Vice President or the Corporate Secretary of the Corporation (or, where delivery to a third party is requested by the Corporation, a receipt signed by such third party) shall be a valid discharge to Valiant.

23. Governing Law

23.1 This Agreement shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. Each party accedes and submits to the jurisdiction of the courts of the Province of Ontario and all courts of appeal therefrom.

24. Business Day

24.1 For purposes of this Agreement, "business day" means any day on which Valiant's offices are generally open for the transaction of commercial business, but does not in any event include a Saturday, Sunday, civic or statutory holiday in the Province of Ontario or, if the Shares are listed on the Toronto Stock Exchange, a day which is not a trading day on the Toronto Stock Exchange.

In witness whereof this Agreement has been duly executed by the parties hereto as of the date and at the place first above written.

There is currently no established market for the Common Shares. An investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development.

The Corporation was incorporated on April 28, 2010 and does not have any business operations or assets other than cash and other assets disclosed in the financial statements included in this prospectus. It has not entered into an Agreement in Principle as defined in the CPC Policy and does not have a history of earnings nor has it paid any dividends, and will not generate any earnings or pay any dividends before Completion of the Qualifying Transaction.

If the Corporation identifies a suitable business or asset, the Exchange may not approve the transaction as a Qualifying Transaction or management may determine that market conditions make the terms of the acquisition uneconomic. Furthermore, the Corporation may require additional financing to both secure and exploit the business or asset and there is no guarantee that such financing will be available.

If the Corporation fails to complete a Qualifying Transaction acceptable to the Exchange within 24 months of the date of listing on the Exchange, or if the Corporation fails to comply with the Exchange's listing maintenance requirements, the Common Shares may be suspended from trading or delisted.

An acquisition financed by the issuance of treasury shares could result in a change in the control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.

Without limiting the generality of the foregoing, this Offering is only suitable for those investors who are willing to rely solely on the directors and management of the Corporation and who are prepared to risk a loss of their entire investment. The directors and officers of the Corporation will only devote part of their time and attention to the affairs of the Corporation and there are potential conflicts of interest to which some of the directors and officers of the Corporation will be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will suffer an immediate dilution on investment of 25.00% or \$0.05 per Common Share if the minimum Offering is subscribed for and 34.24% or \$0.068 per Common Share if the maximum Offering is subscribed for based on the gross proceeds of this issue, before the deduction of selling commissions or related expenses of the issue.

There can be no assurance that an active and liquid market for the Corporation's Common Shares will develop and an investor may find it difficult to resell the Common Shares.

Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Corporation will be able to identify or complete a suitable Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of businesses or assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such Persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. See "Business of the Corporation", "Risk Factors" and "Conflicts of Interest".

The authorized share capital of the Corporation consists of an unlimited number of common shares, without nominal or par value. At the date hereof, the Corporation had 2,100,000 common shares issued and outstanding.

Place of Business

The principal and registered office of the Corporation is located at 155 University Avenue, Suite 1210, Toronto, Ontario, M5H 3B7.

BUSINESS OF THE CORPORATION

Preliminary Expenses

To date, the Corporation has only incurred expenses relating to the incorporation of the Corporation and the preparation of this prospectus, including legal and audit fees, however additional material expenses are anticipated to be incurred prior to the completion of the Offering. See "Use of Proceeds". Part of the net proceeds of the Offering will be utilized to satisfy the obligations of the Corporation related to this Offering, including the expenses of its auditors and legal counsel. Since the date of the Corporation's balance sheet included in this prospectus, the Corporation has not incurred additional material expenditures. See "Use of Proceeds".

Proposed Operations until Completion of a Qualifying Transaction

The Corporation is a capital pool corporation ("CPC") created pursuant to the CPC Policy. The Corporation proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non Arm's Length Qualifying Transaction is also subject to Majority of the Minority Approval in accordance with the CPC Policy. To date, the Corporation has not conducted material operations of any kind. The Corporation does not own any assets, other than cash and other assets disclosed in the financial statements provided for in the present prospectus.

The management of the Corporation will evaluate a possible acquisition after the closing of the Offering. This possible Qualifying Transaction will be subject to due diligence relating to the business and to the legal affairs of the proposed target company.

Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a potential Qualifying Transaction. With the consent of the Exchange and of the securities regulatory authorities if required, this may include the raising of additional funds in order to finance an acquisition. Except as described under "Private Placement for Cash", "Permitted Use of Funds" and "Restrictions on Use of Proceeds", the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Method of Financing

The Corporation may use cash, bank financing and the issuance of treasury shares either by way of private placement or public offering or some combination thereof for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.**

Criteria for a Qualifying Transaction

The board of directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith with a view to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent Person would exercise in comparable circumstances.

Filings and Shareholder Approval of a Non Arm's Length Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "Trading Halts, Suspensions and Delisting". Within 75 days after the issuance of such press release, the Corporation shall be required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with the Exchange requirements. The information circular must be submitted where there is a Non Arm's Length Qualifying Transaction or where shareholders approval is otherwise required. A filing statement must be submitted where a Qualifying Transaction is not a Non Arm's Length Qualifying Transaction or where shareholders approval is not otherwise required. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1 or Form 3B2. Upon acceptance by the Exchange, the Corporation must then either:

- (a) file the filing statement on SEDAR at least seven (7) business days prior to closing of the Qualifying Transaction, and issue a press release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR; or
- (b) mail the information circular and related proxy material to its shareholders in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other requisite approval at a meeting of the shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a member of the Exchange, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the Policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non Arm's Length Qualifying Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable or otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse takeover for a period of one year from the Completion of the Qualifying Transaction.

Initial Listing Requirements

The Resulting Issuer must satisfy the Exchange's initial listing requirements for its particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspension and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgement Form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms for all individuals who may be directors, senior officers, promoters, or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer; or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, Completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the CPC fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares of the Corporation where the Exchange has not issued a Final Exchange Bulletin to the CPC within 24 months of the date of listing. If the Common Shares of the Corporation are delisted by the Exchange, then within 90 days from the date of such delisting, the Corporation shall wind up and liquidate its assets pursuant to the *Business Corporation Act* (Ontario) and shall make a pro rata distribution of its remaining assets to its shareholders, unless, within that 90 day period and pursuant to a majority vote of shareholders, exclusive of the vote of Non Arm's Length Parties to the Corporation, the shareholders determine to deal with the remaining assets in some other manner. See "Filing and Shareholder Approval of Non Arm's Length Qualifying Transaction."

Refusal of a Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction if:

- (a) the Resulting Issuer fails to satisfy the applicable initial listing requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by:
 - (i) a member firm of the Exchange;
 - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such member firm; and
 - (iii) Associates of any such Person,collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;
- (c) the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
- (d) the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange; or
- (e) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

The proceeds from this Offering and any prior sale of Common Shares, after deducting the expenses associated with this Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

Permitted Use of Funds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Restrictions on Use of Proceeds", "Private Placements for Cash" and "Prohibited Payments to Related Parties", the gross proceeds realized from the sale of all securities issued by the Corporation may only be used by the Corporation to identify and evaluate assets or businesses and in the case of Non Arm's Length Transaction, obtain shareholder approval for a transaction, if required.

A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

Restrictions on Use of Proceeds

Until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation or \$210,000, subject to receiving a waiver from the Exchange, will be used for purposes other than those described above. No proceeds will be used to acquire or lease a vehicle.

Private Placements for Cash

After the closing of this Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such private placement will be Common Shares. Prohibited Payments to Non Arm's Length Parties

Except as described under "Options to Purchase Securities" and "Restrictions on Use of Proceeds", the Corporation has not made, and until Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to a Person engaged in investor relations activities, by any means, including:

- (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees, directors' fees, finders' fees, loans, advances and bonuses; and

Further, no such payments will be made on or after the Completion of a Qualifying Transaction if such payments relate to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases), and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a promoter of the Corporation or in the case of a law firm, no member of the firm, owns greater than 10% of the outstanding Common Shares of the Corporation), and the Corporation may also reimburse a Non Arm's Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in "Permitted Use of Funds".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and Persons engaged in investor relations activities continue to apply until Completion of the Qualifying Transaction.

The exercise price of any option granted pursuant to the Stock Option Plan shall be determined by the board of directors when granted, but shall not be less than the closing price of the Common Shares on the Exchange on the last business day prior to the day on which an option is granted. The options granted pursuant to the Stock Option Plan are non-assignable, except by means of a will or pursuant to the laws of descent and distribution.

If the tenure of a director or officer or the employment of an employee of the Corporation is terminated for cause, no option held by such optionee may be exercised following the date upon which termination occurred. If termination occurs for any reason other than cause, then any option held by such optionee, that has vested, shall be exercisable, in whole or in part, for a period not later than one (1) year thereafter or prior to the expiry date of the option, whichever is sooner, or such shorter period of time as may be determined by the directors when the option is granted. Notwithstanding the foregoing, the Incentive Stock Options to be granted upon completion of this Offering may be exercised from the later of (i) 12 months after Completion of the Qualifying Transaction, and (ii) 90 days following cessation of the optionee's position with the Corporation.

Any Common Shares acquired pursuant to the exercise of options prior to the Completion of the Qualifying Transaction, must be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued. See "Escrowed Securities".

Notes:

- (1) Assuming that no Common Shares are purchased by these shareholders under this Offering and before the exercise of the Agent's Option, and the Incentive Stock Options issued under the Stock Option Plan.

Where the Common Shares of the Corporation which are required to be held in escrow are held by a non-individual holding company (a "holding company"), each holding company pursuant to the Escrow Agreements, has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change in the beneficial ownership of the holding company without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities that could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any Control Person of the holding company not to transfer the shares of that company.

Under the Escrow Agreements, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the "Initial Release") and an additional 15% will be released on the dates 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If the Resulting Issuer meets the Exchange's Tier 1 initial listing requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made an application to the Exchange for listing as a Tier 1 issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange's prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If the Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreements each Non Arm's Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the Offering price under this prospectus has irrevocably authorized and directed the Depositary to immediately cancel all of the escrowed Common Shares upon issuance by the Exchange of a bulletin delisting the Common Shares of the Corporation.

Escrowed Securities on Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to a Qualifying Transaction are "Value Securities", then all of the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security agreement (the "Value Security Escrow Agreement"). "Value Securities" are securities issued pursuant to a transaction, for which the deemed value of the securities at least equals the value ascribed to the assets, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under the Value Security Escrow Agreement. However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a "Surplus Security Escrow Agreement").

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities being releasable every 6 months thereafter until the date which is 36 months after the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 issuer subject to a Surplus Security Escrow Agreement, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a 3 year escrow release mechanism with 5% of the escrowed securities releasable at the time of the Final Exchange bulletin, 5% on the date which is 6 months after the Final Exchange Bulletin, 10% on each of the dates which are 12 and 18 months after the Final Exchange Bulletin, 15% on each of the dates which are 24 and 30 months after the Final Exchange Bulletin and 40% on the date which is 36 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow

Agreement provides for a three-year escrow release mechanism with 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin, 20% on the date which is 6 months after the Final Exchange Bulletin, 30% on the date which is 12 months after the Final Exchange Bulletin and 40% on the date which is 18 months after the Final Exchange Bulletin.

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

- (a) the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the Policies of the Exchange; or
- (b) the private placement is announced concurrently with the Agreement in Principle and:
 - (i) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer,
 - (ii) if subscribers, other than Principals of the Corporation or the proposed Resulting Issuer, will obtain securities subject to hold periods, then in addition to any resale restrictions under applicable securities legislation, any securities issued to such Principals will be subject to a four month hold period. and
 - (iii) none of the proceeds of the private placement are allocated to pay compensation or to settle indebtedness owing to Principals of the Resulting Issuer.

- (a) remuneration, which includes but is not limited to:
 - (i) salaries;
 - (ii) consulting fees;
 - (iii) management contract fees or directors' fees;
 - (iv) finders' fees;
 - (v) loans, advances, bonuses; and
- (b) deposits and similar payments.

However, the Corporation may reimburse Non Arm's Length Parties for the Corporation's reasonable allocation of rent, secretarial services and other general administrative expenses, at fair market value ("Permitted Reimbursements"). No reimbursement may be made for any payment made to lease or buy a vehicle.

The Corporation has reserved an aggregate of up to 420,000 Common Shares in the event the minimum Offering is subscribed for and 710,000 Common Shares in the event the maximum Offering is subscribed for pursuant to Incentive Stock Options to be granted to directors and officers of the Corporation. Following Completion of the Qualifying Transaction, it is anticipated that the Corporation shall pay compensation to its directors and officers. However, no payment other than the Permitted Reimbursements will be made by the Corporation or by any party on behalf of the Corporation after Completion of the Qualifying Transaction if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction.

DILUTION

Purchasers of the Common Shares offered hereunder will suffer an immediate dilution of 25.00% or \$0.05 per Common Share if the minimum Offering is subscribed for and a dilution of 34.24% or \$0.068 per Common Share if the maximum Offering is subscribed for, on the basis of there being 4,200,000 Common Shares of the Corporation issued and outstanding in the event the minimum Offering is subscribed for and 7,100,000 Common Shares of the Corporation issued and outstanding in the event the maximum Offering is subscribed for following completion of this Offering. Dilution has been computed on the basis of total gross proceeds to be raised under this prospectus and from sales of securities prior to filing this prospectus, without deduction of commissions or related expenses incurred by the Corporation.

RISK FACTORS

The following is a list of risk factors that a prospective investor should consider before subscribing for Common Shares, which list is not exhaustive:

Investing in the Common Shares involves risk. Prospective investors should carefully consider the risks described below, together with all of the other information included in this prospectus before making an investment decision. If any of the following risks actually occurs, the business, financial condition or results of operations of the Corporation could be harmed. In such an event, the trading price of the Common Shares could decline and prospective investors may lose part or all of their investment.

No Operating History

This Offering should be considered highly speculative due to the proposed nature of the Corporation's business, its present stage of development and the fact that it has not carried out any activities since its incorporation. The Corporation does not own any assets, other than cash and other assets disclosed in the financial statements included in this prospectus and does not own any property or businesses. The Corporation has neither a history of earnings nor has it paid any dividends and it is unlikely to produce earnings or pay dividends in the immediate or foreseeable future. Until completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions. The Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction. Even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction.

No Market

There is currently no market through which the Common Shares of the Corporation will be sold and there is no assurance that an active and liquid market for the Corporation's Common Shares will develop. Investors may not be able to resell the Corporation's Common Shares acquired under this prospectus.

Possible Trading Suspension or Delisting

The Exchange may suspend from trading or delist the securities of the Corporation where the Corporation has failed to complete a Qualifying Transaction within the 24 months of the date of listing or if the Corporation fails to meet initial listing requirements of the Exchange upon completion of the Qualifying Transaction. Suspension from trading of the Common Shares may, and delisting of the Common Shares will, result in the regulatory securities authorities issuing an interim cease trade order against the Corporation. In addition, delisting of the Common Shares will result in the cancellation of all of the currently issued and outstanding Common Shares of the Corporation held by Insiders. Trading in the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required.

Halt of Trading

Upon public announcement of a potential Qualifying Transaction, trading in the Common Shares of the Corporation will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares of the Corporation will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurances with respect to the merits of the transaction or the likelihood of the Corporation completing the potential Qualifying Transaction. Neither the Exchange nor any securities regulatory authority passes upon the merits of the potential Qualifying Transaction.

Exchange May Not Approve a Qualifying Transaction

Completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and in the case of a Non Arm's Length Qualifying Transaction, Majority of the Minority Approval.

Notwithstanding that a transaction may meet the definition of a Qualifying Transaction, the Exchange may not approve a Qualifying Transaction:

- (a) if the Corporation fails to meet the initial listing requirements prescribed by Policy 2.1 of the Exchange upon Completion of the Qualifying Transaction;

- (b) if, following Completion of the Qualifying Transaction, the Corporation will be a finance company or a mutual fund as defined under applicable securities laws;
- (c) the consideration proposed to be paid by the Corporation in connection with the Qualifying Transaction is not acceptable to the Exchange; or
- (d) for any other reason at the sole discretion of the Exchange.

Approval by the Majority of the Minority

Where Majority of the Minority Approval is required, unless the shareholder has the right to dissent and be paid fair value in accordance with the applicable corporate or other law, a shareholder who votes against a proposed Non Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Corporation of fair value for the Common Shares.

Dilution

Shareholders acquiring Common Shares under this Offering will experience an immediate dilution of 25.00% or \$0.05 per Common Share if the minimum Offering is subscribed for and 34.24% or \$0.068 per Common Share if the maximum Offering is subscribed for based on gross proceeds of this Offering and prior issue by the Corporation, without taking account of deductions such as selling commissions or related expenses of issue.

If the Corporation issues treasury shares to finance acquisition or participation opportunities, control of the Corporation may change and subscribers may suffer dilution of their investment.

Directors and Officers

The directors and officers of the Corporation currently own 100% of the issued and outstanding Common Shares and will own 50% of the issued and outstanding Common Shares if the minimum Offering is subscribed for and 29.58% of the issued and outstanding Common Shares if the maximum Offering is subscribed for.

The directors and officers of the Corporation will not be devoting all of their time to the affairs of the Corporation but will be devoting such time as required to effectively manage the Corporation. Some of the directors and officers of the Corporation are engaged and will continue to be engaged in the search for assets or businesses on their own behalf or on behalf of others such that conflicts may arise from time to time. As a consequence of such conflicts, the Corporation may be exposed to liability and its ability to achieve its business objectives may be impaired. See "Conflicts of Interest".

Reliance on Management

The Corporation is relying solely on the past business success of its directors and officers to identify a Qualifying Transaction of merit. The success of the Corporation is dependent upon the efforts and abilities of its directors and officers. The loss of any of its directors or officers could have a material adverse effect upon the business and prospects of the Corporation.

Foreign Acquisition

In the event the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts.

Loans or Advances

Subject to prior acceptance from the Exchange, the Corporation may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover the loan or advance.

As a result of these factors which are not exhaustive, this Offering is only suitable for investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

LEGAL PROCEEDINGS

The Corporation is not aware of any legal proceedings in which it is involved and any such proceedings are not known by the Corporation to be contemplated.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2010

1. Nature of Operations

MCM Capital One Inc. (the Company) was incorporated on April 28, 2010 as a capital pool company as defined by the TSX Venture Exchange. Its principal business is the identification and evaluation of assets or businesses with a view to acquiring significant assets by way of purchase, amalgamation, merger or arrangement with another company. The Company has not commenced commercial operations and has no assets other than a minimum amount of cash.

2. Summary of Significant Accounting Policies

The accounting policies of the Company are in accordance with Canadian generally accepted accounting principles. Outlined below are those policies considered particularly significant:

a) Use of Estimates

The preparation of financial statements, in conformity with Canadian generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

b) Cash & cash equivalents

Cash & cash equivalents include cash on hand, bank balances, short-term liquid investments with original maturities of three months or less and funds held in trust for the Company by the Company's lawyers.

MCM CAPITAL ONE INC.

NOTES TO THE FINANCIAL STATEMENTS

c) **Income Taxes**

The Company uses the asset and liability method of accounting for future income taxes. Under the asset and liability method, future income tax assets and liabilities are determined based on the temporary differences (difference between the accounting basis and the tax basis of the assets and liabilities), and are measured using the currently enacted, or substantively enacted, tax rates and laws expected to apply when these differences reverse. A valuation allowance is recorded against any future income tax asset if it is more likely than not that the asset will not be realized. Income tax expense or benefit is the sum of the Company's provision for current income taxes and the difference between the opening and ending balances of the future income tax assets and liabilities.

d) **Financial Instruments – Recognition and Measurement**

All financial instruments are required to be measured at fair value on initial recognition, except for certain related party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other liabilities.

- Financial assets and liabilities classified as held-for-trading are required to be measured at fair value, with changes in fair value recognized in net earnings.
- Financial assets and liabilities classified as held-to-maturity, loans and receivables and financial liabilities (other than those held-for-trading) are required to be measured at amortized cost using the effective interest method of amortization.
- Available-for-sale financial assets are required to be measured at fair value, with unrealized gains and losses recognized in Other Comprehensive income/loss. Investments in equity instruments classified as available-for-sale that do not have a quoted market price in an active market should be measured at cost.

MCM CAPITAL ONE INC.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2010

Fair value measurement of financial assets and liabilities recognized on the balance sheet are categorized into levels within a fair value hierarchy based on the nature of valuation inputs. The three levels of the fair value hierarchy are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and

Level 3 - Inputs that are not based on observable market data.

3. Changes in Accounting Policies

Effective April 28, 2010, the Company adopted the following guidance of the Canadian Institute of Chartered Accountants' Handbook ("CICA") Handbook.

CICA Handbook Sections 3862, "Financial Instruments - Disclosures", and CICA Handbook Section 3863, "Financial Instruments -Presentation", replaces CICA Handbook Section 3861, "Financial Instruments - Disclosure and Presentation". During 2009, CICA Handbook Section 3862, Financial Instruments - Disclosures ("Section 3862"), was amended to require disclosures about the inputs to fair value measurements, including their classification within a hierarchy that prioritizes the inputs to fair value measurements.

Section 3863 establishes standards for presentation of financial instruments and non-financial derivatives and provides guidance for the classification of related interest, dividends, losses and gains, and circumstances in which financial assets and financial liabilities are offset.

Future accounting changes

Business Combinations/Consolidated Financial Statements/Non-Controlling Interest

In January 2009, the CICA adopted sections 1582, "Business Combinations", 1601, "Consolidated Financial Statements" and 1602, "Non-Controlling Interest" which superseded current sections 1581, "Business Combinations" and 1600, "Consolidated Financial Statements". These sections will be applied prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 1, 2011. Earlier adoption is permitted. If an entity applies these sections before January 1, 2011, it is required to disclose that fact and apply each of the new sections concurrently. These new sections were created to converge Canadian GAAP to International Financial Reporting Standards.

Goodwill and Intangible Assets - Section 3064

In February 2008, the Canadian Institute of Chartered Accountants ("CICA") issued Section 3064 "Goodwill and Intangible Assets" which replaces "Goodwill and Other Intangible Assets." This new standard provides guidance on the recognition, measurement, presentation and disclosure of goodwill and intangible assets. It ensures that intangible assets meet the definition of an asset, and eliminates the "matching" principle, whereby certain costs were being deferred and expensed to match with revenue earned. Concurrent with the introduction of this standard, the CICA withdrew EIC 27, Revenues and Expenses during the pre-operating period.

6. Financial Instruments and Financial Risk Factors

Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from the financial instruments. Cash & cash equivalents and accounts payable & accrued liabilities are non-interest bearing.

Fair Value

Fair value estimates are made at the balance sheet date, based on relevant market information and other information about financial instruments. As at June 30, 2010, all financial instruments (cash & cash equivalents and accounts payable & accrued liabilities) have fair values which approximate their carrying values.

NOTES TO THE FINANCIAL STATEMENTS

7. Income Taxes

The Future income tax balance is summarized as follows:

Loss before income taxes	<u>\$ (9,135)</u>
Combined federal and provincial income tax at 16.5%	\$ (1,507)
Valuation allowance	<u>1,507</u>
Future income taxes	<u><u>\$ -</u></u>

In assessing the realizability of future tax assets, management considers whether it is more likely than not that some portion or all of the future tax assets will not be realized. The ultimate realization of future tax assets is dependent upon the generation of future taxable income during the periods in which these temporary differences become deductible. Management projected future income and tax planning strategies in making this assessment.

The company has incurred a non-capital loss for income tax purposes amounting to \$9,135 which will expire, if unused, on June 30, 2030.
